Dear Mr. Briggs:

The Automated Systems Division is responsible for providing automated systems services in support of the White House and the Executive Offices of the President. This responsibility includes security of facilities and systems.

STAT In planning for future systems and capabilities, ASD needs consultant support from a federal government organization which has leadership expertise in security of information systems.

STAT We have contacted who provides this leadership within the CIA and would appreciate your approval of meeting with to discuss our requirements. After the meeting, STAT if there is a request I will coordinate the request with your office.

Very truly yours,
